Rabbis for Ceasefire Urge All to Act Now to Support the Joint Resolutions of Disapproval

Rabbis for Ceasefire urges you to tell your Senators TODAY to support the Sanders Joint Resolutions of Disapproval and end U.S. arms sales to Israel *NOW*.

The [UN recently reported](#) that 70% of all deaths in Gaza this past year have been 5 to 9 year old children. The UN is also warning that [famine is imminent](#) in North Gaza as Israel implements the “General’s Plan” to ethnically cleanse the northern Gaza Strip of people and is stopping the entry of humanitarian aid to starve out anyone left. We must not allow another bomb to be sent in furtherance of this horrific murderous violence.

The vast majority of Americans support safety, equality, and a thriving future for all Palestinians and Israelis. For that reason, we must urge our Senators to support the Joint Resolutions of Disapproval introduced by Senators Bernie Sanders, Peter Welch, and Jeff Merkley to stop a \$20 billion shipment of offensive weapons that was approved just recently by the Biden administration.

The export of such weapons desecrates the core Jewish value that we are all made in the image of the Divine and thus we must honor each human life.

It is also explicitly in violation of U.S. laws, including the Foreign Assistance Act of 1961 and the Arms Export Control Act (AECA).
