Jewish Heritage Odyssey Through GREECE

Led by Dr. David Mendelsohn

May 5-16, 2025

Jewish history in Greece may date back as far as the Babylonian Exile and certainly to the time of Alexander the Great. As is often the case, Jewish history there is complicated; times of prosperity mixed with tragedy, ultimately overshadowed by the Holocaust. Our journey will be enhanced by our group leader's knowledge and stories as we explore the past, enjoy the beauty and sites of Greece, and encounter the Jewish communities of today.

ON OUR TOUR WE WILL:

- Gain in-depth knowledge of **Jewish heritage** in Greece through **lectures by Dr. Mendelsohn**
- Explore **Greek mythology, culture and archaeology** from **Athens** to **Thessaloniki** and beyond
- Discover **architectural masterpieces**, such as the **Parthenon and Propylaea**
- Meander through **historic Jewish quarters**, visit decades-old **synagogues** and learn how Jews have thrived in Greece for centuries
- Learn about the **legacy of Alexander the Great** in Pella and Vergina
