Description:	find the rss page for each member (search for alternate in the source of pages like http://www.politivatch.co.il/category/political-parties/yesh-atid/politician-name-1/) use it to add a section to member page that shows 'statements'. can use planet to update these posts (but need to somehow mark the "blog" so that we'll know to present it only in this place, and not in other places).
