<b>Description:</b>	The new multi slider table looks OK on all devices, but there is only 1 small thing that need to be fixed.  When I used a QR scanning application that has in-app-browning, that values was painted in Blue color, I have added screenshots there you can see this issue.  Steps that I did: 1. Create a QR code form the link: <a href="http://m.scout.co.il/Pending/index.php?web&amp;db=Mobile_Demo&amp;lng=1&amp;q=1&amp;this=http://qrfree.kaywa.com/?l=1&amp;s=8&amp;d=http%3A%2F%2Fm.scout.co.il%2FPending%2Findex.php%3Fweb%26db%3DMobile_Demo%26lng%3D1%26q=1">http://m.scout.co.il/Pending/index.php?web&amp;db=Mobile_Demo&amp;lng=1&amp;q=1</a> ("This": <a href="http://qrfree.kaywa.com/?l=1&amp;s=8&amp;d=http%3A%2F%2Fm.scout.co.il%2FPending%2Findex.php%3Fweb%26db%3DMobile_Demo%26lng%3D1%26q=1">http://qrfree.kaywa.com/?l=1&amp;s=8&amp;d=http%3A%2F%2Fm.scout.co.il%2FPending%2Findex.php%3Fweb%26db%3DMobile_Demo%26lng%3D1%26q=1</a> is a link to the QR code image) 2. Fill all questions up to the multi slider table question (question text = "לש מלוסב מייאבה תואקשמה תא גרד 1 ל 5 דע") wait for a few secounds and see that the values (1 - 7) color is changed from gray to blue

I tried to reinforce the white color on the index numbers. BUT this is weird! it shows them as links when they are not.

Can you send me a link?

Also, make sure your on /Pending

I did not understand which link do you need?

The link that I used was: [http://m.scout.co.il/Pending/index.php?web&db=Mobile\\_Demo&lng=1&q=1](http://m.scout.co.il/Pending/index.php?web&db=Mobile_Demo&lng=1&q=1)

But again this happens only when I use it as a QR code and tried to do the survey in the in-app-browser

Please let me know if there is any more data that you need from me.
